

# CAMP ARTABAN SOCIETY

---

March 2019

Dear friend of Camp Artaban

We are contacting you as someone we know who shares our love for Camp Artaban and knows the value of and the unique experience that a week of camping can be for campers, whether they are children, teens or families.

Camp Artaban is a multi-generational camp. We even had fourth generation Artabaners visit last summer! Some of us will remember the chicken coops in the 1940s and stuffing straw ticks or the arrival of the new cabins in the 70s. More recently, others will remember the first time they conquered the climbing wall or played on the Blob. Because of our individual memories we have all experienced the heart of Artaban and that has not changed, our community of faith, fun and fellowship.

It has now been three years since we reopened our beloved camp. In that time, we have seen an encouraging increase both in camper numbers and rental bookings. We know that moving forward is important because the opportunity for children, teens and adults to experience Camp Artaban matters now, maybe more than ever, and your donation will help make a difference.

As members of Artaban's Board and committees we are all volunteers and donors and we invite the whole community of Artaban to join us in making a donation.

Of course, if you were able to make a large, one-time donation it would be such a blessing! However, you may also choose to become a monthly supporter. You can choose whatever amount is right for you as there is no minimum amount. Your commitment to give monthly will help with stable budgeting and planning as we move forward.

To donate please go to the Camp Artaban website, [campartaban.com](http://campartaban.com) then click on the "donate" menu to see a number of options. You can also send a cheque or phone the office at 604 980 0391.

God bless you, and many thanks for your ongoing support of Camp Artaban.
